Custom Literature Procedure

Getting your information on a literature has never been easier:

Step 1: If you already have an electronic copy of your logo simply e-mail the highest resolution copy to srussell@ultravation.com along with contact information and locations to be listed (Please include any font and color requirements). If you do not have an electronic version of your logo simply fax a copy to 802-287-9203 or send a hard copy to: Ultravation – PO Box 165 – Poultney, VT 05764.

Allow 5-7 business days for this step. We will e-mail you a PDF of the layout for approval.

Step 2: Once we receive your approval on the layout, the design stage is done. At this time the one time setup fee of \$60 will be due and we will send you a unique suffix to be used when ordering literature. Simply add the suffix to the end of the literature document number (found on the back of any Ultravation literature).

Allow approximately 3 weeks for processing of custom literature orders.
