

Custom Contractor Product Logo Program

**Put your Logo
Here**

Add your artwork to any of Ultravation's filtration cabinets. Cost effective, one time setup fee of \$60 per color (4 color max), no minimum orders and no additional fees when applied to Ultravation's standard white color.

Custom color cabinet fees may apply for colors other than white.

Custom Logo Procedure

Getting your customers information on a product has never been easier:

Step 1: If you already have an electronic copy of your customer's logo simply e-mail the highest resolution copy to srussell@ultravation.com along with phone numbers you want listed (Please include any font and color requirements). If you do not have an electronic version of your logo simply fax a copy to 802-287-9203 or send a hard copy to: Ultravation – PO Box 165 – Poultney, VT 05764.

Allow 5-7 business days for this process. We will e-mail you a PDF of the layout for your approval.

Step 2: Once we receive your approval on the layout, the design stage is done! Simply pay the \$60 per color fee and we will send you a unique suffix to be used when ordering any products with your logo and information. Simply add the suffix to the end of the media cabinet part number you required when ordering your custom silk screen.

Allow approximately 2 weeks for the first order processing.
